ADDRESS
MRS. CLARICE NYE
Prospect, Oregon
Crater Lake Highway Forty Miles
from Medford

Advice About Rock Gardens

We are glad to help with any problems at any time, and can heartily recommend "My Wild Garden" and "Taming the Wildling" by Herbert Durand, and "The Rock Garden" by Lousie Beebe Wilder, as best authorities in Eastern United States.

For information as to the value for garden use of western native plants, read "Western American Alpines," by Ira N. Gabrielson. If you would like to climb our mountains and see our lovely wildlings in their homes, but cannot do so, take a trip at second hand with Dr. Gabrielson. You will find him most delightful company, and through his appreciative eyes will be able to enjoy and estimate them at their best. Order from me. Price \$3.50.

"Hardy Californians," by Lester Rountree is equally valuable and interesting. It brings sixty-four photos of unusual native beauties, many of them offered in this catalog. Hundreds more are described and their real value and needs told by one who knows. Order from me. Price \$3.50.

"Rock Garden and Alpine Plants," by Henry Corvonn, of Switzerland, is undoubtedly one of the best in the world, and at the new low price should be had by all. Price \$3.00. Order from me.

Oregon Wild Flowers

Seeds—Seeds of many varieties can be furnished at 25c per packet. In ordering seeds, please list some substitutes that may be sent in case of shortage. Plants in this list are so rare that the supply is uncertain. Small packets, 5c.

Numbers (00) indicate height by inches.

The price for a dozen is ten times the price for single plants. Half dozens are sold at dozen prices. All are packed free of charge, and post-paid.

Our prices are cash with order, and we will send C. O. D. to reliable persons.

Small orders receive the same attention as large ones. Do not hesitate to write us if you only wish one item. Also, we will be interested to hear about the wild flowers growing in your locality. We make exchanges and buy desirable wild plants and seeds. We give a discount on large orders from parks, colleges, etc., and a trade discount to dealers. Write for wholesale prices.

Address all orders to Clarice Nye, Prospect, Oregon.

Native Plants Suitable for Dry Garden in Sun unless Otherwise Stated

	Each
Anemone Deltoides, purest white colors for shade	.15
Baldensis, a beautiful light blue	
alpine, (10)50
Lyallii (4) pastel shades, requires	
acid soil in shade25
Occidentalis, Chalice Cup, milk white,	
fern leaves50

Oregana, white with blue tints	
Acid soil in shade required40
Pulsatilla, pasque flower35
Abronia latifolia , yellow sand verbena, creeper from sea beach, Umbellata, pink, seeds of both.	
Actea spicata var. <i>arguta</i> (30), nice foliage white fl. and red berries in fall. Shade best	.35
Apocynum pumilum , pink fl. and leaves turning yellow in summer (8)25
Aquilegia formosa , scarlet and gold25
Long spurred hybrids, mixed colors.....	.25
Dwarf rock garden species, mixed25
Hoop petticoat, double in many colors.....	.25
Many types mixed, seeds of all.	
Arabis Lyallii , pink fl. for sh. rocks.....	.25
Purpureus, deep pink, very dwarf25
Armeria artica , deep pink (6)25
Arenaria caespitosa , a lovely mossy ground cover with tiny white fl.25
Aster alpina , not native, large blue25
Native, blue (6), (12) purple (15).....	.25
Aster New Dwarfs not native,30
Countess of Dodley, bright pink	
Lady Henry Maddocks, light pink	
Lilac Time, lovely soft lilac	
Marjorie, bright rose pink	
Snow sprite, semi-double white	
Victor, clear lavender blue	
Mauve Cushion, only six inches high	
Aster Michaelmas Daisy20
Feltham blue, Novae Angliae, violet purple	
Perry's White, small stars with yellow center	
Mrs. Raynor, reddish; St. Egwin, pink	
Very large blue and semi-double purple	
Native blue from Oregon sea coast	
Arenaria Montana , close gray tufts with white flowers in early spring20
Ajuga reptans rubra , red leaves, blue fl.15
Agrostemma coronaria , mullen pink, downy leaves and deep rose purple fl. (15).....	.15
Asclepias tuberosa , orange Butterfly weed.....	.25
Speciosa taller, with white leaves and pink flowers, not so showy (36).....	.15
Mexicana, more slender, pink fl. (24).....	.25
Antennaria rosea , flat gray leaves, pink fl. (3)..	.25
Asarum caudatum green leaved ginger also listed with the bog plants.....	.25
Hartweggi, mottled leaved ginger, sh.....	.25
Lemmonii, similar but better35
Astragalus purshii var. <i>tinctus</i> , a desert pea that makes a little flat mat of pretty leaves decked with purplish red flowers. Later pods are covered with dense wool and on opening like a black beak with the shiny seeds like eyes appear like birdlings in a nest. Called woolly lambs. Seeds only.	
Artemesia abrotanum , Old Man, finely cut fol- iage, pleasantly scented (18)25
Artemesia species, name not known (18), stiff white foliage, yellow flower25

Boltonia , white asteroides, not native.....	.20
Boykinia elata and major for moist shade.....	.25
Brunella vulgaris (6) deep lavender15
<i>Atropurpurea</i> , deep purple25
Balm , Mountain, <i>Eriodictyon Californica</i> , called by the Spanish Yerba Santa. Dried leaves per oz. 15c; roots50
Balm , <i>Monardella</i> , scented leaves and pretty lavender flowers15
Buckwheats , see <i>Eriogonum</i>	
Callirhoe involucrata , trailing poppy mallow, a beautiful vine that will cover a space four or five feet across in any good situation.....	.25
Calamintha alpina , not native but a very pretty plant with purple fl. (6).....	.25
Chrysanthemum , pink cushion, dwarf variety that begins blooming in July and continues all season25
Yellow to rose, less than a foot high.....	.25
Calandrina umbellata , needs dry soil, a crimson purple flower opening in the afternoon (6)..	.25
Calypso borealis (bulbosa) Fairy slipper, a beau- tiful pink orchid found only in shady woods. Soil and moss with bulb25
Campanula Scouleri , (4) light blue lily shaped bells, for woodsy banks25
Species, probably a variety of the above but much more free blooming. Our name for it is Multiflora. Seeds.	
<i>Rotundifolia</i> , from Washington State.....	.15
Species, possible a variety of above but smaller from Siskiyou Mts. (4)35
Castilleja mineata (10) Indian Paint Brush showy in very dry situations in sun15
Carum Oreganum , white lacy flower (15), tubers prized for food by Indians15
Chrysanthemum leucanthemum , white daisy with golden center, hardy and long bloom- ing (15)	
Coptis lacinata , yellow flower with varnished fern leaves, pretty in dry woods (5).....	.25
Cornus Canadensis , bunch berry (4). This is very pretty with its white Dogwood flower and red berries but is hard to grow. Re- quires acid leaf mold near water in shade....	.25
Corydalis caseana , white flowers, ferny leaves Aurea, yellow,25
Cotyledon Californica , thick leaved rosettes.....	.25
<i>Oregana</i> , larger and whiter, neither hardy for hard freezing, found on sea cliffs25
Cynoglossom grande , a lovely blue flower on a tall, coarse plant (25)25
Cypripedium Californica , a bog orchid with many cream white flowers, less finicky than these following but requiring moisture50
<i>Montanum</i> , large pinkish ladyslipper, shade..	.50
<i>Fasciculatum</i> , small pink and brown fl. (8)....	.50
Darlingtonia Californica , the beautiful Western Pitcher plant. This is very desirable but dif- ficult to grow. I am told it succeeds if set where it can have a constant supply of water containing ammonia25 to 1.00

Delphinium Andersoni , blue. Seeds only (24).	
Columbianum, a beautiful deep blue (12)....	.25
Menziesii, deepest purple blue with white bee and spotted leaves (6)15
Nudicaule, orange to red (18)	
Parryii, blue, seeds only (24)	
Parishii, white to purple. Seeds only	
Scopulorum, very tall, purple blue, for moist soil in shade25 to 1.00
Dentaria Californica , very early bloomer, white bell shaped flower round dentate leaf (5) called Spring Beauty here15
Macrocarpus, larger, from Siskiyou Mts.15
Tracyii, lavender with purple leaves15
Dicentra Formosa , plummy bleeding heart, beauti- ful foliage15
Oregana or Glauca, silvery leaves and cream flowers with purple tips50
Douglasia laevigata , cutest alpine50
Digitalis , (4 to 6 feet) Fox Glove, many colors....	.25
Dodocatheon Alpina , (6) prefers moist situation	.50
Hendersonii, (6) a beautiful rose to crimson primulacae, blooming very early in the spring. Good in the rock garden15
Jeffreyii (12) a later bloomer called Sierra Shooting Star, light pink25
Epipactus Gigantea , for moist shade20
Erigeron Radicatus , (2) deep blue or purple, free blooming35
Compositus Var. trifidus, (4) white flower35
Folicosus var. compositus, (6) light blue25
Salsuginosus, (10) large Alpine daisy25
Glaucus, very dwarf, large flowered25
Species from the coast, covered with large blue flowers in autumn, similar to Michael- mas Daisy25
Evening Primrose , see <i>Oenothera</i>	
Eriogonums are fine for the rock garden. Dry situation. Seeds best as they are hard to transplant. Flowers are in clusiters and dry perfectly for winter bouquets. Dry sunny sit.	
Compositus, cream white in four to six inch clusters. Seeds only.	
Douglasi, yellow flower. Plant, a fine thick, neat, gray white foliage. Seeds only.	
Nudum, (18) white flower on slender stem....	.25
Sulphureum, Same but yellow25
Umbellatum, (6) large yellow flower25
Species variety of above, red flowers. Seeds only.	
Ovalifolium (3) everblooming alpine pink....	.50
Species. Wild Pink Buckwheat, a beautiful late annual. Seeds only.	
Eriophyllum	
Ianatum, green foliage, white beneath.....	.25
Ceasptosum, (8) Oregon Sunshine, yellow flower, white foliage15
Species, (4) felty white foliage, Alpine50
Erysinum aspernum , (12) Western Wall Flower, yellow15

Ferns

Very dwarf ferns suitable for rock garden.
The roots should have a nice pocket of soil well protected by a large stone to conserve moisture and thus they will face full sun.

Chelianthes Gracillima, (5) lace fern, dainty, clump25
Cryptogramma Acrostichoides, (3) parsley fern25
Gymnogramme triangularis gold fern (6)....	.25
Pellaea brachypteris, (6) evergreen fern, like a sprig of fir35
Woodsia Oregana, (5) very dainty and fragile. Dries down in summer, reappearing in early spring15
Lomaria Spicant, the Deer fern for moist shade25
Pellaea densa, the daintiest and also the hardiest dwarf fern25
Fili-fragilis, a delicate little beauty, a bit larger than Woodsia Oregana15
Polypodium Occidentale, licorice fern, prefers a mossy stone for a home15

Larger Ferns

Polystichum Lonchitis, Holly Fern, a lovely evergreen fern for shade only50
Polystichum Munitum, large sword fern25
Polystichum imbricans, small sword fern for dry rock garden25
Pteris aquilina var lanuginosa broken, for a shady spot. This makes a tall background15
Dryopteris Arguta, (18) evergreen shield fern25
Asplenium felix-foemina, lady fern, moist shade. Each25 .50
Woodwardia Radicans, great chain fern, very large, requires moisture and shade. Each25 .50 1.00

We have many other nice ferns not yet classified.
Write us your wants.

Fragaria, wild strawberry from beach, glossy leaves, red runners, nice berries15
Wood strawberry, large flowers15

Gentiana Affinis, a very nice little gentian with very dark blue flower, freely borne, moist soil....	.35
Species. probably variety of above. Large, free-flowering, for dryer soil. As many as eight large striped upturned bells open at one time50
Our name for the above is Multiflora for its freedom of bloom	
Nye's New Florenciana, a fine variety we have been unable to find described. It is a lovely deep dark blue and likes a black bog soil by a mountain brook50
Newberryi, a rare, low-growing large flowered sort, a fine deep blue (3)	1.00
Orfordii, (24) a taller sort with several nice, medium blue flowers50

Geranium incism (Fremonti) needs shade. Flow- er large purple pink (25).....	.25
Richardsoni, large pure white (24)50
Gilia aggregata, scarlet gilie flower or trumpet phlox, nice dwarf cut leaved plant that runs up to three feet with many bright but dainty flowers, the second year (8-20).....	.15
Pungens (Leptodactylon) a little beauty nearly like Phlox Douglasi50
Nuttallii, White, night blooming50
This is interesting but not so beautiful. It is a desert plant.	
Goodyera Menziesii, mottled green and white leaves, shade15
Gormanian Watsoni or obtusatum (6) white flow- er, a plant very nearly related to the Sedums and as good for dry or moist rock work25
Rhodiola, or laxa, red flowered. Plant very nice35
Hesperochiron pumilus, a tiny white-flowered damp-lover. Blooms very early25
Heuchera micrantha (12), spray of white flow- ers, begonia-like leaves which color nicely..	.25
Glabella, green leaves, good for dry rock work	.25
Hulsa nana, (4) sun flowers large as a dollar with ruffled hairy leaves. Sand in full sun on mountain tops. Seeds on'y.	
Irises. Our native irises should have the care of any fibrous rooted plant. Are not so hardy, as those with large rhizones. After becoming established they will endure as much hardship as ordinary perennials.	
Bracteata (12) Yellow, heavily veined with maroon. Leaf long, deep green.....	.25
Species, our name, Nye's Iris Selma, smal- ler than above but with as large and even finer flowers (8)35
Chrysophylla, white or cream with very dainty tints and veining (6).....	.15
Californica, varied colors (6)25
Douglasiana, the beautiful iris, so plentiful along the Oregon Coast where it is found in every shade of light blue, orchid, lav- ender or white. (18)25
Cristata, a lovely light blue dwarf from North Carolina (5).....	.25
Innominata. The finest yellow western iris, a deep buttercup gold on stiff stems six to eight inches high. Foliage narrow and deep green. From dry rocky hillsides.	1.00
Gold River, a variety of the above still smal- ler and a beautiful orange in some speci- mens	1.00
Sunset, a slightly less yellow form. Seeds only.	
Hybrids Innominata x Chrysophylla. Seeds and plants 1937 autumn	
Hybrids Chrysophylla x tenax. Seeds only.	
Missouriensis (18) white or light blue lined with blue. Moist soil, alkaline25

Tenax. This is one of our best as well as most varied in color coming from white to deepest blue and rarely in lilac and or-	
Thompsoni. This is a lovely little thing of-	
chids, falls ruffled25
ferred by others as a color variation of	
I. Innominata. We found it and offered it	
as I. delight but Prof. Thompson of Se-	
attle had beaten us; we hereby give him	
credit and he allows us to be the first	
to offer it under his name. It is a lovely	
orchid and forms a dense mat of narrow	
green foliage, quite distinct	1.00
Lineafolius. This is our own name for a	
very dainty little white iris with foliage	
only a line wide and very sparse. Stems	
wiry, six to nine inches high	1.00
Louisiana wild iris. These are very interest-	
ing and have proved hardy here. Burnt	
orange and blue.....	.50
Versicolor, native blue iris from Wisconsin....	.25
Juniperus—see tree and shrub list.	
Leucocrinum montanum, pure white sand lily,	
clump40
Lewisia—The evergreen varieties are often listed	
as Orebroma and include all except redi-	
viva and oppositifolia. These are our very	
best rock garden plants requiring good	
drainage and full sun, but not south ex-	
posure in California. Roots should have	
good protection under large rocks, and no	
irrigation. Coarse sand or broken rocks	
around the plant on surface to prevent	
damping off.	
Columbianum, has narrow leaves and small	
flowers. This bloomed the whole summer	
and fall in my rock garden. Flower white..	.25
Columbianum var. rosea. Pink25
Cotyledon, slender leaved rosette and white	
flower, veined pink25
Finchii, one of the best. Have counted over	
five hundred florets from one plant in a	
season. Striped pink flowers50
Nye's new variety of Finchii, still larger	
with a clear pink flower50
Hecknerii, a fine new one with saw-edged	
leaves; flower pink striped with white35
Howellii, leaves of the rosettes, ruffled and	
crested, flower deep rose striped with	
white35
Ingramii, a variety of Howellii, equally good	.35
Leana, narrow leaved evergreen plant flower	
a many blossomed spray25
Nye's Dwarf Rose variety of above with larg-	
er semi-double flowers on short stem and	
of a fine bright rose50
Eastwoodiana, very similar to above but	
pure white. Very rare50
Seeds of Eastwoodiana, 5c each	
Whiteii, of this group but has a longer	
spearshaped leaf	1.00

Seeds, 5c each.

Tweedyi, largest and one of the loveliest of this family. Very long blooming. Color, peach to salmon pink. Seeds 5c each.	
Large plants.....	1.00
Smaller50 and .75

New Varieties—The following are offered as Howellii var. Nelson Nye, large, intensely ruffled rosette with light creamy pink to almost white flowers on long stems50
--	-----

Millardii, large, handsome rosette of broadly spatulate leaves, slightly ruffled. Flower similar to L. Finchii and freely borne....	.50
---	-----

Longifolia, leaves very long, narrow and thick only slightly ruffled. Flowers lemon yellow white to creamy pink borne on extra long stems. Distinctly different.....	.50
--	-----

Mariana is of the evergreen rosettes variety, foliage dark in color, flower yellow and white with some pink, very striped. It is almost everblooming with me50
--	-----

Crenuata, a dwarf variety of Howellii with a fine ruffling all along the leaf and light creamy pink to white flowers.....	.50
---	-----

Deciduous Varieties

Rediviva (3) Bitter root, the state flower of Montana. This looks more like a beautiful pink waterlily than a desert plant. It is the first of this lovely family of western plants and was discovered by Merriweather Lewis and is named for him. Thrives in dry soil15
--	-----

All the following need moist soil until after blooming.

Brachycalyx, very pretty pure white40
---	-----

Seeds 5c each.

Nevadensis, smaller than above15
--------------------------------------	-----

Oppositifolia, similar to above but with flowering stems about six inches high.....	.15
---	-----

Var. Richeyi, a new dwarf form more free flowering than the above25
---	-----

Triphylla, very pretty but a well grown plant in bloom is not much larger over than a silver dollar. Pink flower.....	.15
---	-----

Lewisia Species, fine distinct new ones not yet named. While they are in stock.....	1.00
---	------

Linum, Lewisii, wild flax with deeper blue flower than L. Perrene (20)25
--	-----

Linneae Borealis var. Americana, Twin Flower Vine15
---	-----

Lupinus Lyallii (4), the tiny gray-leaved Alpine which blooms the whole season. Seed is best35
--	-----

Minimus (9), very free blooming15
---------------------------------------	-----

Ornatus (12), silver-leaved lupine.....	.35
---	-----

Arboreus the beautiful tree lupine with yellow flowers. Seeds only.

Breweri, very dwarf with white leaves and nice blue flowers25
---	-----

Chamissonis, blue tree lupine. Seeds only	
Rivularis, a tall variety growing by streams has long bloom spike and handsome bronzy leaves, seeds and plants.....	.35
Annual varieties are good for broadcasting and seed prices will be gladly supplied.	
Lupines are very good for roadside planting and for cut banks. They are good to hold soil with their long roots and are very hardy.	
Lithophragma affinis, white woodland star.....	.15
Tennella pink15
Lutkea pectinata (4), make a lovely green mat in a moist spot in rocks. Spreads quickly..	.35
Monardella villosa, a free flowering mint (7)....	.25
Micromeria Douglassii vine with scented leaves; nice in the rock garden15
Mertensia laevigata, a large blue bell (16).....	.35
Montia parvifolia, dainty white flower, always in bloom (6)15
Oenothera tricocalyx, Desert Primrose; opens pure white and changes to pink. Sandy alkali soil, well drained in sun (6).....	.30
Sun cups; day blooming; yellow (10).....	.15
Oxalis oregana, pinkish and pretty.....	.15
Oreobroma—see evergreen Lewisias	
Paeonia Brownii, (8) our only native peonia and a dwarf adapted to a rock garden; large red flower50
Parrya (4) a pink flowered deep rooting plant found where there is some moisture on the edge of the desert. Seeds only.	
Pedicularis densiflora. Indian Warrior. Very handsome but hard to tame.....	.50
Pentstemon Azureus (8), a lovely flower freely borne35
Cardwelli (6), shrubby creeper, very free blooming, flower brightest blue50
Centranthifolius (36) scarlet bugler.....	.25
Cordifolius, climbing scarlet trumpeter. Seeds only.	
Corymbosus (18) shiny leaved shrub. Seeds only.	
Davidsoni, very dwarf, blue flower.....	.50
Glaber (8) larger flowered blue alpine.....	.50
Heterophyllus (15) very long blooming blue..	.25
Jaffrayanus (6) deep blue alpine. Seeds only.	
Laetus, medium blue (10) very hardy.....	.15
Menziesi (6) shrubby evergreen creeper with small round green leaves and blue flowers	.35
Rupicola (6) gray leaved shrubby creeper lovely rose crimson flowers, very nice.....	.35
Fruticosus (8) Lavender flowers35
Procerus, blue clustered penstemon.....	.25
Roezli deepest blue (15).....	.25
Speciosa (36) very long spike of lovely blue flowers25
Tolmei, a tiny dwarf of the clustered group from our highest peaks.....	.50
Phlox adsurgens (5) evergreen creeper with beautiful pink flowers, for shade.....	.25
Douglasi (3) Alpine phlox forms a dense mat covered with lovely flowers.....	.50
Hoodi equally low growing with white fl.....	.50

Speciosa, slightly shrubby with sparce leaves but beautiful pink flowers.....	.35
Species from Klamath County, doubtless a variety of P. Douglasi but even more dwarf and compact with lovely pink and orchid flowers nearly hiding the deep green mossy plant (2)50
Subulata atropurpurea, not native but very good. Vivid, bright pink. Both are creepers and make a presentable plant when not in bloom and a mass of color covering the entire plant when blossoming in early spring25
Decussata, too tall for the rock garden as a rule but a very fine plant where height is right.	
Miss Lingard, pure white early bloomer with deep green shiny leaves (15)25
R. P. Struthers, deepest pink with red eye....	.25
Amy Gordon, named for my great grandmother and from her garden. Florets are small but are in large clusters on four foot stems. Color white tinted orchid.....	.25
Mixed seedlings, many colors, doz. \$1.00, ea.	.15
Pipsisewa (Chimaphila) Prince's Pine, hardy for cold and drouth and good for naturalizing under evergreens. Flower pink. Evergreen and much used for decoration. Also medicinal and can be supplied dried.....	.25
Phoradendron, mistletoe, berries in season, pk.....	.25
and sprays for decoration, post paid, per lb.25
Potentilla anserina, Silver Weed, creeper spreading by runners, fl. deep yellow15
Fruticosa, Cinquefoil, Shrubby with many nice yellow flowers (18)35
Gracillis, rather weedy but pretty (14).....	.15
Flabellifolia, a dainty and beautiful alpine....	.50
Polemonium Carneum (10) largest flowered of our Jacob's Ladders and of a beautiful pink35
Confertum var eximium very dwarf blue or white flowered alpine cutie. Seeds only.	
Occidentale (18) Needs a brookside place....	.35
Pulcherrimum (8) a very beautiful blue alpine form very free flowering at home in dry rock work.....	.35
Ranunculus glaberimus (4), Sagebrush buttercup deepest yellow flower, very early.....	.25
Californicus (12) very early bloomer.....	.15
Occidentalis (8), better than last15
Creeping double, only a few inches high. Spreads quite fast but very pretty. Not native10
Ribbon grass, bulbous, only grows 4 inches high and does not spread fast15
Ribbon grass, tall, pink, white and green.....	.15
Rubus Nivalis, rare creeper requiring acid soil and deep shade. White flower, red berries and crisp varnished leaves50
Romanzoffia Californica (6) for a mossy spot in shade. Flower white15

Rudbeckia Californica (50) a tall native with long glaucous leaves and lemon yellow flowers with high purple brown center....	.50
Golden Glow, double golden yellow (72).....	.10
Purpurea, purple cone flower (36).....	.25
Saponaria ocymoides , nice creeper with bright pink flowers. Spreads quite fast (4).....	.15
Double light pink fragrant (16).....	.15
Both are not native.	
Shamrock , brown clover from Ireland.....	.15
Sidalcea Oregana , tall wild hollyhock.....	.15
Californica, dainty pink fl. (10).....	.15
Saxafraga Eastwoodiana , moist, mossy rock-work in shade. Very rare75
Species with tiny brown notched leaves and pretty white flowers. Same situation as above50
Mertensiana (6) white flower15
Peltata (36) with very large round leaves suggesting the name of Umbrella Plant. Flower pink in large cyme, early in spring. Needs a water margin soil50
Tolmei , a dainty white flowered alpine with shiny beadlike foliage resembling a tiny sedum, found at base of glaciers. Roots very deeply so seeds are best.	
Sedum divergens , slender upright or reclining branching stems with beadlike leaves15
Var. Rattlesnake moss, larger than above both with starry yellow flowers15
Douglasi , tiny green rosettes, nice in winter running up 3 to 8 inches high with whitish flower. New plants form on stems of old and spread freely.....	.05
Radiatum , very similar to above but yellow flowered05
Obtusatum , thick whitish leaves turning bronzy in fall; flower white with red brown center. Sun, dry soil15
Oreganum , close rosettes of bright green turning reddish, yellow flower, best in shade25
Nevadensis , larger gray green rosettes with angled ends of leaves, flower white, red center; sun25
Purdyi , flat shiny rosettes of brightest green connected by red runners, yellow flower. One of our cutest sedums. Must have shade25
Species with equally flat gray green rosettes, larger and taller stems with starry yellow flower, shade25
Spathulifolium , a long name stretched to cover a multitude of variations. Often the last before and the two following. As we offer it the rosettes are small and white changing color with the seasons. Flower stems 2 to 4 inches and blossom nice yellow. Very good in sun or light shade on dry rocks or any place15
Woodii , very small with deeper yellow flowers25

Cape Blanco, very white larger rosettes with light yellow flowers from sea cliffs, sun or shade15
Stenopetalum, low growing yellow flowered for sun15
Species, green, thick leaved, low growing with red margin in spring and silver line in autumn25
Species gray green blossom stems thickly leaved appearing to be a button string, flowers pink25
Sedums not native here	
Sedums acre, mossy green carpenter at blossom time, pure gold almost without a touch of green15
Acre minor, still smaller15
Angelicum, tiny flat carpenter, pinkish fl....	.15
Altissimum treelike with yellow flower (8)....	.15
Brevifolium, very tiny glaucous foliage.....	.15
Glaucum, tiny gray, bluish foliage, white flower15
Coccineum, white flower, leaves turn red....	.15
Kamtschaticum larger (4) with orange flower15
Kamtschaticum variegatum, green and white leaves15
Reflexum cristatum, upright grower, very odd15
Sexangulare, a tiny angled one with yellow flowers15
Spectabile, Live For-ever, tall, pink fl.....	.15
Stellaris, a nice little one with white flower15
Spurium, white flower, broad notched leaves	.15
Spurium coccineum, red flowered (6).....	.15
Sempervivens, not native here, but a very fine group of plants for the rock garden. They do not compare favorably with Lewisias from any point except hardiness and rapid increase but they are of the very best in those. Each.....	
Arenaria, bright green, tinted red in winter	
Atrapurpureum, very large purple rosettes.	
Fimbriatum, slightly hairy.	
Laggeri, larger cobwebs or with pink flower.	
Pallidum, light blue green	
Tectorum, old stand by Hen and Chickens	
Violaceum, deep purple.	
The seven varieties	\$1.00
Twelve unnamed varieties	1.00
Scutellaria angustifolia is not the large plant its name implies. It is only about six inches high, with a deep blue flower.....	
Tuberosa, still small with light blue flower15
Silene Hookeri downy leaved fringed pink. Salmon pink needs deep soil among rocks	
White form of above, very rare50
Ingrami, sometimes considered a variety of S. Hookeri, but taller and very deep pink..	.35
Californica, brightest red, very showy.....	.25
Sisyrinchium Bellum, blue-eyed grass, moist soil	
Californicum, similar, but yellow15

Grandiflorum, larger, satiny, spreading bells of a beautiful crimson-purple, sun15
Grandiflorum var. with light pink flowers, sun15
Solidago elongata, golden rod15
Spergula, green mossy carpenter with white flower25
Spragua umbellata, pussy-paws, grows flat on the ground, flowers white to red, water- melon scented15
Multiceps, many headed or rosetted. Turns a nice reddish color25
Synthyris rotundifolia (3) Hope o'Spring, Sleigh- bell, or Spring Queen, all names of a well- loved little blue flower which comes first of all15
Reniformis (6), more showy light blue flower. Both plants very nice and like shade.....	.35
Sweetseri, var. of rotundifolia with long leaves and deep blue flower.....	.35
Talinum spinescens, very dwarf plant for dry rock garden in sun. Flowers freely borne and very dainty pink.....	.35
Tellima odorata, (12) large begonia-like leaves..	.15
Tiarella unifoliata, spray of tiny white flowers, prefers moist shade15

Zauschneria Californica, often called hardy fuchsia Bright scarlet flower late, in bloom to frost. This is a spreading vine that will cover a larger space in dry rock garden35
Latifolia just slightly more yellow a shade of scarlet and of upright growth.....	.35
Makes a neat little shrublet in form.	
Cana, (microphylla) smaller with very downy leaves. For dry rock garden (8)....	.35

NATIVE BULB PRICE LIST

Bulbs of all kinds are best planted in the fall. The small bulbs can be supplied by Sept. 1, and the larger lilies by Oct. 15 or sooner.

Lilium, Washingtonianum, a very fine white to pink lily. There are many variations to this lovely lily and the most common is called the Mt. Hood Lily. We can supply this and the larger form called Washingtonianum purpureum. Give them very excellent drainage50
Smaller bulbs.....	.30
Washingtonianum minor, Shasta Lily, similar to above but with smaller bulbs and slender stems, price each.....	.30, .50 and .75
Rubescens, the Redwood lily, white to purple40
Kelloggii, pink. Good.....	.75
Humboldti, a splendid yellow lily; prefers well drained clay soil.....	.60
Humboldtii magnificum, even better; spotted with red75
Columbiana, a nice small yellow lily.....	.30
Roetzlii, crimson, stem slender, leaves crowded; wet soil50

Roezlii, orange, similar to above.....	.50
Pardalinum, closely related to the latter.....	.40
Parryi, a very nice yellow lily, requires moist soil; rare50
Bolanderi, a small deep red lily suitable for the rock garden75
Occidentale, extremely rare red lily; moist location	1.00
Seeds —We strive to secure all the seeds we can of these and other native lilies. Price per pkt.....	
Prices on larger quantities on request.	

BULBS FOR THE ROCK GARDEN

Dry Soil in Sun Unless Otherwise Stated

Allium Acuminatum (6), deep red.....	.50
Falcifolium (3), large flower, bright red.....	.50
Mixed, many kinds and colors.....	.40
Unifolium, lavender pink.....	.50
Cernuum, nodding onion.....	.60
Falcifolium var. demissum.....	.50
Brodiaea congesta (16), blue flower.....	.60
Coccinea (14), the firecracker flower.....	1.00
Grandiflora (coronaria) harvest brodiaea. This hardy midsummer bloomer rivals the gentians for color. A wonderful blue.....	.40
Lactea (12), white with green stripe.....	.50
Laxa, large blue flower.....	.50
Ixodics (6), yellow with purple stripe.....	.75
Camassia Esculenta (12) light blue wild hyacinth50
Leichtlini (16), deep blue hyacinth.....	.50
Leichtlini alba, white hyacinth (3).....	1.00

Calochorte are the wild tulip of the west and are more varied and charming than the tulips of Holland. They will grow well under almost any garden conditions and are excellently well adapted to the rock garden. Care should be taken to keep them from irrigation in late summer as they are naturally dormant at that time.

	Doz.
Calochortus Amabilis, deep yellow globe tulip....	.50
Albus, white Fairy Lantern, very dainty.....	.50
Amoenus, the beautiful pink fair lantern.....	.50
Lilacinus, very dainty one without hairs, moist soil50
Maweanus, cat ears, pink with hairs.....	.50
Mariposa types with large flowers on taller stems.	
Nitidus, hardy Mariposa from Idaho, lovely lavender, distinctly eyed (12-18).....	1.25
Macrocarpus, another hardy one, from Eastern Oregon; will stand 20 degrees below zero. Very tall plant, many lavender flowers	1.25
Vesta, white flowers usually tinted with lavender and pink.....	1.00
Venustus Citrinus, yellow with black eye.....	.50
Venustus El Dorado, colors varied from white to deep claret red; the very best....	.60

Erythroniums are very easy to naturalize in woodsy conditions and are good in the blub bed or the rock garden. They are a charming lily and often but erroneously called Dog Tooth Violet. Herberd Durand calls the spotted-leaved varieties Trout Lily, and John Muir calls them Fawn Lily. Both names are good. They are not fussy as to soil or situation and come readily from seed.

	Doz.
Giganteum, cream white.....	.50
Grandiflorum robustum, bright yellow.....	.60
Citrinum, cream turning pink, lovely.....	.50
Johnsonii, large pink, very fine.....	1.00
Hendersonii, lavender with maroon center.....	.50
Klamathensis, light lemon with pink tips.....	1.00
Parviflorum, light yellow.....	.60
Pink beauty, a fine new one.....	1.00

Fritillarias are at home in the rock garden. All but Lancelota require well-drained situation and it is good anywhere.

	Doz.
Recurva or Red Mission Bell.....	1.00
Lancelota, green lily.....	1.00
Pudica, yellow bell	1.00

Trilliums prefer shade and moist soil. Good among ferns in a shady corner.

	Doz.
Sessile Chloropetalum, large white flower.....	1.00
Petiolatum, Rubrum, opens red.....	1.00
Ovatum, opens white and changes to red. Many most beautiful shades in a clump at one time. Large.....	.12, 1.00
Rivale, small and dainty. White specked with maroon. This is good in the rock garden as well as the moist shade.....	1.00

BOG GARDEN PLANTS

	Each
Aconitum Columbianum (36), purple monkshood ..	.15
Arguta rubra, white flower, red berries.....	.15
Asarum caudatum, wild ginger.....	.25
Aracea lysichiton, very large plant with yellow calla-like flower. Slightly bad odor, small. Each50
Larger	1.00
Cornus Candanese (3), Bunchberry, Partridge Berry25
Orchids.	
Habernaria dilatata (18).....	.25
Spiranthes romanzoffiana, Twisted Ladies' tresses25
Peramium decipiens, Rattle snake plantain, not too wet25
Epipactus Gigantea.....	.20
Mimulus Lewisia, the beautiful rose crimson monkey flower of our highest alpine water gardens (12).....	.50
Primuloides, very tiny yellow.....	.25
Luteus, sweet scented (10).....	.10
Parassia palustrus (12) dainty white flower.....	.35

Pyrola bracteata , glossy leaves and lovely pink flowers35
Viola occidentalis , palustris and blanda are at home in the bog garden and glabella, Howellii and Langedorffi on its margin. Prices elsewhere.	
Japanese Iris are water lovers and make a good back ground for the pool. We can supply the following named and have a nice lot of fine seedlings and lost name varieties we offer at 25c each or five for \$1.00	
Clarice Childs, petunia violet.....	.35
Eleanor Parry, Claret red.....	.35
Idzumi-gama, gray with blue lines.....	.35
T. S. Ware, reddish violet.....	.35
Yedo-jiman, dark royal blue.....	.25
Red Riding Hood, amaranth.....	.25
Other Water Irises	
Siberica, deep blue or white.....	.25
Very tall deep blue.....	.25
Speiria monneri, tall yellow.....	.35
Water Plants and Lilies	
Water poppy, small yellow flowers15
Nymphaea, three fine varieties.....	1.00
Nymphaea, mixed many varieties.....	4 for 1.00
Parrots feather, ferny.....	.25
Pickeral weed, upright grower (24) with bright blue flower.....	.25
Sagittaria, white flower, arrowhead.....	.15
Mossy pumice and waterworn or lava stepping stones can be supplied. Prices on request.	

SHRUBS AND TREES

Arbutus Menziesii Madrone, broad-leaved evergreen, white flower, red berries in autumn. Price30 to 1.00
Arotostaphylos Manzanita, evergreen shrub with beautiful bell-shaped pink flowers. Hardy to zero30
Green Manzanita, deeper pink flowers.....	.30
Ura-Ursi, Red Bear-berry Berries, bright red25
Azalea occidentalis . This is easily one of the best three Western flowering shrubs, possibly being surpassed by its relative Rhododendron Californica and Romneya Coulteri for beauty of bloom. But it is so much hardier and more likely to succeed it is a much better investment. The flowers are very sweet scented and are freely borne for long season beginning the last of May. The milk white to yellow and pink flowers are in clusters often very large. The foliage is glossy and colors beautifully in autumn. They are deciduous and hardy but require a moist soil, acid preferred. Nice seedling plants, mixed colors30
Larger, prepaid50 to 1.50

Pink or yellow, ea.....	.50
and up, according to size. Small sizes of all 6 to 8 in. with plenty of root and branches.	
Berberis or Mahonia	
Aquifolium, tall Oregon grape, yellow flower, blue berry30 to 1.00
Nervosa, fern leaved, for shade.....	.30 to 1.00
Cornus Nuttallii , Pacific dog wood. Large pure white flower. Often blooms in autumn as well as early spring.....	.30 to 1.00
Ceanothus Arboreus , whie flowered, broad leaved evergreen; makes small tree. Seeds only.	
Ceanothus Interrigimus , wild lilac, covered with dainty sweet-scented flowers of many col- ors, blue prevailing15
Ceanothus Prostratus , a lovely evergreen creep- er, lavender50
Ceanothus, Prostratus var., divergenus, one foot high, lavender. Seeds.	
Ceanothus Pumila , very flat carpeter, varied flowers50
Grossularie Roezli , fuchsia flowered gooseberry..	.30
Philadelphius Lewisia , mock orange, scented white flower15
Rhodendron Californica , beautiful state flower of Washington. We can supply fine little seedlings of these carefully handled and well packed, but cannot warrant them to grow. Small plants 6 to 10 inches high, at 50c each. Larger at proportional higher prices. Very good plants with soil on roots, well mossed and burlaped at, each, f.o.b.....	1.50
Rosa Gymnocarpa , nice little rose for rock gar- den30
Spirea Opulaster , nine bark, white flower.....	.30
Spirea Ariaefolia , Ocean Foam, Bridal Veil, lacy flower30
Pachystima Myrsinites , Oregon box or Mountain lover30
Umbellularia Californica . Oregon Myrtle, a beautiful tree and makes a valuable timber50
Vaccinum mycrophyllum , a tiny huckleberry, fine in rock garden.....	.30
Vaccinum ovatum . evergreen huckleberry, a lovely shrub and extensively used by flor- ists for greens50
Seeds and seedlings of the following forest trees:	
Acer Macrophyllum , large-leaved soft maple.....	.30
Circinatum, vine maple.....	.30
Abies Nobilis , noble fir.....	.50
Magnificum, Shasta fir.....	.30
Quersus Garryana , Oregon white oak.....	.30
Kelloggii, California black oak.....	.30
Wislizenii, live oak.....	.50
Pinus Lamberiana , sugar pine. Seeds only. Cones, very large, each .15, .25, and .50, according to size. Monticola, Ponderosa and Jeffreyi pines, seeds. Cones, .10 ea. post paid.	

Taxus Brevifolia , Western Yew, a lovely tree for moist shade; nice for bog garden.....	.30
Pseudotsuga taxifolia , Douglas fir 8 to 12 inches	.30
Libocedrus decurrens , Incense cedar.....	.30
Picea Englemanii , good for moist soil.....	.30
Chamaecyparis Lawsonii , Port Orford cedar, Lawson's cypress; a beautiful tree for moist soil; shade preferred.....	.50
Juniperus occidentals , quite slow growing evergreen from the cold, dry interior, small, each	1.00
Communis var. Montana , a beautiful evergreen creeper, fine in rock garden, ea.....	.75
Empetrum nigrum , black crow berry, creeper....	.50
Artemisia tridentata , the smelly Sage brush of the Western plains, interesting50
Spinescens , bud sage, a nice dwarf that is desirable for the rock garden50
Sambucus glauca , blue Elderberry, makes nearly a tree with edible berries.....	.50
Racemosa , red Elderberry, not edible.....	.50
Symphoricarpos albus , Snowberry, small shrub....	.15
Mollis , trailing form of above15
Honeysuckle , Trumpet woodbine with large clusters of orange-red flowers.....	.35
Lonicera hispidula var. Californica , not so showy as the last35
Vitis Californica , wild grape. A high climber, small tasty grapes that make a wonderful jelly. Leaves color beautifully in autumn25
Creepers that spread and spreaders that creep and soar more or less.	
Gysophila repens , white flowers.....	.15
Gysophila repens , rose, and deep pink flowers....	.15
Kenilworth ivy, very small with lilac flowers.....	.15
Nepeta hederacea , creeping Charlie, a flat carpet, best in shade, blue flowers.....	.10
Vinca major , a rampant green leaved blue flowered vine, that will soon cover any moist shady spot. Not hardy much below zero....	.15
Minor , smaller with lavender flowers.....	.15
Variegata , cream and green leaves with pretty blue flower. Not too lively a spreader15
Linnaea borealis makes a lovely carpet where there is some moisture and shade. Does not spread too fast15
Oxalis corniculata var. atropurpurea , yellow flower, red purple foliage10
Dwarf, but not creeping, sometimes called Shamrock. Is of European origin.	
Oenothera species from Louisiana, but proved hardy at 14 degrees below zero. Spreads underground very rapidly in good soil. Flower a very dainty pink cup in bloom all summer. May be planted in bottomless pot to prevent spreading.....	.15
Dicentra formosa , while not a creeper is a rapid spreader and fine in a shady spot where ferny foliage and continuous pink flowers are desired15
Veronica spicata (15) bluest blue.....	.15

Veronica species (6) lavender blue.....	.15
Hemerocallis flava, Lemon lily. You'll not care if this does spread, it's so pretty. It is a nice clear yellow.....	.25
Fulva flower, burnt orange foliage luxuri- ant, spikes 3 to 4 ft. A rapid spreader.....	.15
Hesperis matronalis, Sweet Rocket, sweet- scented, lavender-purple flower, early spring (3). Seeds. Spreads.....	.10
Feverfew, double white, seeds itself.....	.10

MINTS AND HERBS

Catnip, peppermint, spearmint, horehound Yerb Buena, dried 2 oz. 15 per root.....	.15
Uva-urui, Price's pine.....2 oz.	.15
We are often asked what to plant while the newly set perennials get started and after early bulbs are bloomed and gone.	
Virginia Stocks are very good as they are very small and bloom quickly. 100 seeds.....	.05
Eriogonum (Oregonium) vimineum a pink flow- ered annual that cuts as nicely as a statice, holding its color well. 100s05
Portulacca is also very nice in full sun, single varieties we like best. Per pkt.05
Viola Alpina is very quickly in bloom but spreads very freely by seeds.....	.05
We live mostly on the beauties we work among but we do sometimes use food. Here are some of our favorites.	

For the Bog Garden we can also supply Cat- tails, rushes and water grasses, but feel we should say again that they are spread- ers, indeed. Per clump25
--	-----

VERY RARE PLANTS

When ordering from this list please make some extra selections or allow us time to get the plants if we are out, as our stock is small.

Achlys Triphylla, Sweet-after-death from the lasting perfume of the leaves when picked. Shade25
Hesperochiron Californica, one of our rarest and most beautiful alpiners. fl. pure white to rose-mauve50
Allium amplexans	
Fimbriatum, pink and purple40
Validum. Large swamp onion.....	1.00
Brodiaea Douglasi, light blue50
Laxa candida60
Nye's new dwarf blue, similar to B. Stellaris, many flowers on short stems for rock gardens60
Pulchella, lavender purple60
Calochortus Clavatus, Golden Bowl, one of the finest we've seen	1.50
Oculatus, much varied in color.....	.60
Splendens, lavender with darkeye.....	.60
Tolmei50
Venustus roseus, pink.....	.75
Purpurescens. Purple75

Dentaria Nyes, New , deep rose, smooth oval tubers, each25
Erythronium Californicum , cream.....	.50
Revolutum, pink, fine.....	.75
Toulumnensis, yellow	1.00
Liliums. We have below some lilies to offer you that are so new we cannot give them a name that may not hereafter be changed.	
Peacock Lily is probably a hybrid of Columbianum x Bolanderi. Flower fine deep red, barely recurved, foliage handsomely bronzed with height of a tall Columbianum, seeds, pkt.	
Bulbs	5.00
Del Norte Lily. This may be the lost L. Howellii. It is orange to red and is a hillside lily with a bulb like L. Bolanderi, flower larger and more open bell shape slightly recurving. Seed, pkt.	
Bulbs	5.00
Siskiyou Lily. This may be L. Pardalinum Johnsoni, very recently found in Canada. It is a pure rich yellow with very small dark specks, revolute and a moist soil plant. Seeds, per pkt.	
Bulbs, in limited number only.....	\$5.00
I have been unable to obtain a botanic description of the Canadian lily as it was only offered for sale first this year, by an English firm. We hope to have another new lily to offer in a few months. If interested let us hear from you.	
Cypripedium pubescens , yellow lady-slipper from N. Carolina, each50
Gentiana Andrewsii , closed gentian.....	.25
Dicentra Glauca , pink flowered.....	.50
Chrysantha, yellow, rare50
Cucullaria, Dutchman's breeches25
Parviflora, our rarest alpine	1.00
Uniflora, very tiny35
Disporum Hookeri , Oreganum and Smithii, ferny plants for bog borders, each25
Diplacus aurantiacus , shrub mimulus with orange flowers for dry rocks50
Mimulus cardinalis , fiery scarlet, for wet soil....	.25
Guttatua, large clear yellow.....	.10
Mertensia oblongifolia, lovely dwarf50
Narthacium Californicum , yellow bog asphodel (24)25
Tolfieldia occidentalis , white25
Uvularia Grandiflora , Merry bells25
Adiantum pedatum , five finger fern.....	.35
Emarginatum50
Aspidum spindulosum var. dilatatum.....	.35
Aspidum Nevadense , Sierra water fern, sweet scented, for moist place50
Asplenium trichomanes var. vespertinum dwarf Spleen wort, very cute.....	.35
Pellaea Breweri50
Ornithopus, bird's foot fern35
Andromedaefolia, coffee fern35
Polystichum aculeatum , bristle fern.....	.50
Scopulinum, dwarf alpine fern50

Woodsia scopulina , small alpine50
Polypodium Scouleri , leather leaf fern.....	.25
Botrychium silaifolium var. Californicum , Grape fern for bogs50

Goose Wheat. This wheat was found in a wild
goose's craw. Kernels were so large they
were planted. It has proved immensely
productive and we can now offer oz.
packets for fall delivery at.....

Bean, White Kentucky Wonder, pkt..... .05

Bean, Brown Manchurian Bayou, a hardy,
early bearing bean for winter use, that
cooks easily and is of extra quality 4 oz. .10
Pkt.05

Sweet corn, tender gold. This is truly the best
we have ever eaten, fresh or dried. It is
early and bears heavily. 1/2 lb..... .30
Pkt.05

Squash, Table Queen, for baking these are fine.
Small but many on a vine and keep well .05

Field Corn. Early Missouri Dent. prolific and
early. Lb.25
Pkt.05

White Early Dent, the earliest dent corn we
have ever tried. It was planted with the
last sweet corn for late crop and matured
perfectly. Our elevation is over 2400 ft.
and our nights cool.
We have only a limited amount of either
of these good corns to offer this spring
but will have plenty next year. Lb..... .25
Pkt.05

Golden Groundcherry. We have grown this for
fifty years and are often told it is better
than yellow groundcherry usually is. We
make them into pies and sauce as well
as preserves. Sow where it is to grow. Pkt. .05

ROCK GARDEN LORE

For many years I tried with small success to
grow wild flowers. Then I learned of the rock
garden idea. I began at once with an apron full of
rocks and a bucket of dirt. It was a success and
a joy from the first. Drainage is one of the most
essential points. Arrange your rocks to allow drain-
age and to conserve moisture. Always use acid soil
for wood dwellers and alkaline for desert plants.
If your soil is heavy or clay, use crushed gravel,
broken crockery, brick or plenty of sand. Peat
moss is highly recommended but I have not yet
tried it. If you collect your own plants carefully
note whether they grew in sun, shade, wet or
dry, soil black, leaf mold or sandy and duplicate
these in its new home in your garden. If you buy
your plants, read the requirements given in the
catalog and heed them. It is a great deal more fun
to succeed than to fail. Wishing you all success I
am,

Sincerely and Cordially yours,

Clarice Nye, Prospect, Oregon.
